6. The CSB or BHA BOD may choose to include an HR staff as a voting member of its search committee to provide the Department's perspective and feedback directly to the committee.

FY2022 and FY2023: Administrative Requirements and Processes and Procedures

7. Prior to employing a new executive director or CEO, the CSB or BHA shall provide a copy of the application and resume of the successful applicant and the proposed salary to the HR for review and approval for adherence to minimum qualifications and the salary range established by the Department pursuant to § 37.2-504 or § 37.2-605 and contained in the current CSB Executive Director Recruitment Process Guidance.
8. If the CSB or BHA proposes employing the executive director or CEO above the middle of the salary range, the successful applicant shall meet the preferred qualifications in addition to the minimum qualifications in the Guidance. This review does not include Department approval of the selection or employment of a particular candidate for the position.
9. Section 37.2-504 or § 37.2-605 of the Code requires the CSB or BHA to employ its executive director or CEO under an annually renewable contract that contains performance objectives and evaluation criteria. The CSB or BHA shall provide a copy of this employment contract to the HR for review and approval prior to employment of the new executive director or CEO or before the contract is executed.

M. Administrative Policy CSB Executive Director Position

1. The CSB may choose to involve staff in the Department's HR in its recruitment and selection process in order to implement applicable provisions of § 37.2-504 or § 37.2-605 of the Code. The CSB shall provide a current position description and the advertisement for the position to the HR for review prior to the position being advertised pursuant to § 37.2-504 of the Code.
2. Prior to employing the new executive director, the CSB shall provide a copy of the application and resume of the successful applicant to the HR for review for adherence to minimum qualifications established by the Department pursuant to § 37.2-504. This review does not include Department approval of the selection or employment of a particular candidate for the position.
3. While § 37.2-504 of the Code does not require an administrative policy CSB to employ its executive director under an annually renewable contract that contains performance objectives and evaluation criteria, the CSB should follow this accepted human resource management practice.

FY2022 – FY2023: Administrative Requirements and Processes and Procedures

Appendix C: Unspent Balances Principles and Procedures

Appendix B: Disaster Response and Emergency Service Preparedness Requirements

- A. The CSB agrees to comply with section 416 of Public Law 93-288 (the Stafford Act) and § 44-146.13 through § 44-146.28 of the Code regarding disaster response and emergency service preparedness. These Code sections authorize the Virginia Department of Emergency Management, with assistance from the Department, to execute the *Commonwealth of Virginia Emergency Operations Plan*, as promulgated through Executive Order 50 (2012).
- B. Disaster behavioral health assists with mitigation of the emotional, psychological, and physical effects of a natural or man-made disaster affecting survivors and responders. Disaster behavioral health support is most often required by Emergency Support Function No. 6: Mass Care, Emergency Assistance, Temporary Housing, and Human Services; Emergency Support Function No. 8: Health and Medical Services; and Emergency Support Function No. 15: External Affairs. The CSB shall:
 - 1. provide the Department with and keep current 24/7/365 contact information for disaster response points of contact at least three persons deep;
 - 2. report to the Department all disaster behavioral health recovery and response activities related to a disaster;
 - 3. comply with all Department directives coordinating disaster planning, preparedness, response, and recovery to disasters; and
 - 4.
- C. The Disaster Behavioral Health Annex template shall address: listing behavioral health services and supports, internal to CSB and at other organizations in the community, available to localities during the preparedness, response, and recovery phases of a disaster or emergency event and designating staff to provide disaster behavioral health services and supports during emergency operations. To implement this plan, the CSB shall:
 - 1. Develop protocols and procedures for providing behavioral health services and supports during emergency operations;
 - 2. Seek to participate in local, regional, and statewide planning, preparedness, response, and recovery training and exercises;
 - 3. Negotiate disaster response agreements with local governments and state facilities; and
 - 4. Coordinate with state facilities and local health departments or other responsible local agencies, departments, or units in preparing all hazards disaster plans.

FY2022 – FY2023: Administrative Requirements and Processes and Procedures

Appendix C: Unspent Balances Principles and Procedures

1. Unspent Balances Principles and Procedures

- a. **Unspent balances:** Means amounts of unexpended federal funds, unrestricted and restricted state general funds, hereafter referred to as state funds unless clarity requires more specificity, disbursed to CSBs that remain unexpended after the end of the fiscal year in which they were disbursed to the CSB by the Department.

These principles and procedures apply to all CSBs. These principles and procedures shall apply to all unspent balances of state funds present in a CSB's accounts and reflected in its financial management system and independent CPA audit.

b. **CSB Unspent Federal Funds**

Any unspent federal funds shall be returned to the Department at the end of the funding period in which they were allocated at the end of the appropriate period of performance identified in Exhibit F. Exhibit F provides explicit instructions for the expenditure of funds for unliquidated obligations and the procedures and dates by which unexpended federal funds must be returned to DBHDS.

- c. **CSB Allocations of State Funds:** Given provisions in State Board Policy 6005 and § 37.2-509 or § 37.2-611 of the Code of Virginia, the Department shall allocate funds in Grants to Localities in the Appropriation Act without applying estimated year-end balances of unspent state funds to the next year's awards to CSBs.

- d. **Calculation of Balances:** In order to identify the correct amounts of unspent state fund balances, the Department shall continue to calculate unspent balances for all types of funds sources, except for federal grants.

- i. The Department shall calculate balances for restricted and unrestricted state funds, local matching funds, and fees, based on the end of the fiscal year Community Automated Reporting System (CARS) reports submitted by all CSBs no later than the deadline in Exhibit E of the performance contract for the preceding state fiscal year. The Department shall continue to communicate information about individual balances to each CSB.
- ii. In calculating amounts of unspent state funds, the Department shall prorate balances of unexpended unrestricted funds after the close of the fiscal year among unrestricted state funds, local matching funds, and fees, based on the relative proportions of those funds received by the CSB. This normally will produce identified balances of unrestricted state funds, local matching funds, and fees, rather than just balances of unrestricted state funds. Restricted state funds shall be accounted for separately, given their restricted status, and the Department shall identify balances of unexpended restricted state funds separately.

- e. **Unspent Balances for Regional Programs:** While all unspent balances exist in CSB financial management systems, unspent balances for a regional program may be handled by the fiscal agent and CSBs participating in the regional program as they decide. All participating CSBs must review and approve how these balances are handled. Balances for regional programs may be prorated to each participating CSB for its own locally determined uses or allocated to a CSB or CSBs for regionally approved uses, or the CSB that functions as the regional program's fiscal agent may retain and expend the funds for purposes determined by all of the participating CSBs. Procedures for handling regional program balances of unspent funds should be included in the regional program memorandum of agreement for the program among the participating CSBs, and those procedures must be consistent with the principles and procedures in this Appendix and the applicable provisions of the current performance contract.

Addendum I

FY2022 – FY2023: Administrative Requirements and Processes and Procedures

Appendix C: Unspent Balances Principles and Procedures

- f. **Allowable Uses of Unspent State Fund Balances:** Consistent with the intent of the Grants to Localities item in the Appropriation Act and § 37.2-500 or § 37.2-601 of the Code of Virginia, CSBs may use unspent balances of state funds only for mental health, developmental, and substance use disorder services purposes. Any other uses of unspent state fund balances are not acceptable and are a violation of the CSB’s performance contract with the Department.
 - g. **Collective Uses of Unspent Balances:** A group of CSBs may pool amounts of their unspent balances to address one-time issues or needs that are addressed more effectively or efficiently on a collective basis. The use of these pooled unspent balances shall be consistent with the principles and procedures in this Appendix.
2. **Reserve Funds:** A CSB shall place all unspent balances of unrestricted and restricted state funds that it has accumulated from previous fiscal years in a separate reserve fund. CSBs shall identify and account separately for unspent balances of each type of restricted state funds from previous fiscal years in the reserve fund. The CSB shall use this reserve fund only for mental health, developmental, and substance use disorder services purposes, as specified in these principles and procedures or by the Department.
- a. Reserve funds must not be established using current fiscal year funds, which are appropriated, granted, and disbursed for the provision of services in that fiscal year. This is particularly relevant for funds earmarked or restricted by funding sources such as the General Assembly, since these funds cannot be used for another purpose during the biennium in which they are appropriated. Transferring current fiscal year state funds into a reserve fund or otherwise intentionally not expending them solely for the purpose of accumulating unspent state funds to create or increase a reserve fund is a violation of the legislative intent of the Appropriation Act and is not acceptable.
 - b. **Size of Reserve Funds:** The maximum acceptable amount of unspent state fund balances that a CSB may accumulate in a reserve fund shall be equal to 50 percent of the amount of all state funds received from the Department during the current fiscal year up to a maximum of \$7 million. If this amount of all state funds is less than 50 percent of the total amount of state funds received by the CSB during any one of the preceding five fiscal years, then 50 percent of that larger amount shall constitute the acceptable maximum amount of unspent state fund balances that may be accumulated in a reserve account.
 - i. If a CSB has accumulated more than this amount, it must expend enough of those reserve funds on allowable uses for mental health, developmental, or substance use disorder services purposes to reduce the amount of accumulated state fund balances to less than 50 percent of the amount of all state funds received from the Department during the current fiscal year.
 - ii. In calculating the amount of acceptable accumulated state fund balances, amounts of long term capital obligations incurred by a CSB shall be excluded from the calculation. If a CSB has a plan approved by its CSB board and reviewed and approved in advance by the Department to reserve a portion of accumulated balances toward an identified future capital expense such as the purchase, construction, renovation, or replacement of land or buildings used to provide mental health, developmental, or substance use disorder services; purchase or replacement of other capital equipment, including facility-related machinery or equipment; or purchase of information system equipment or software, the reserved amounts of state funds shall be excluded from the maximum acceptable amount of unspent state fund balances.
3. **Effective Period of Restrictions on State General Funds**

Addendum I

FY2022 – FY2023: Administrative Requirements and Processes and Procedures

Appendix C: Unspent Balances Principles and Procedures

- a. Allowable uses of state funds for identified purposes (restricted funds) remain restricted as originally appropriated. After the end of the biennium in which the restricted funds were disbursed to CSB, any unexpended balances of those state funds shall be identified and shall remain restricted for permissible purpose. CSB must obtain approval from the Department to use these funds for other purposes.
- b. Allowable uses of state funds appropriated in the Grants to Localities item of the Appropriation Act for identified purposes (restricted funds) remain in effect for each fiscal year through the end of the biennium in which those restricted funds were originally appropriated. After the end of the biennium in which the restricted funds were disbursed to CSBs, any unexpended balances of these those state funds shall be identified as unrestricted state funds.
- c. From time to time, the Department may deem it necessary to maintain the restricted purpose beyond the biennium during which the funds were allocated. The Department will provide 60 days advance notification to the CSB of its intent to maintain restrictions on funds during subsequent bienniums.
- d. The Department may request an accounting of the total amount of accumulated unexpended restricted state funds per funding source. If necessary, the Department may direct the CSBs to repurpose the use of those funds or the Department may re-allocate those funds amongst other CSBs based on need.

4. Performance Contract Exhibit A Documentation

- a. All uses of unspent balances of state funds shall be documented in the CSB's performance contract for the year in which the unspent balances are expended. If the balances will be used to support operational costs, the funds shall be shown as state retained earnings in the performance contract and in the CARS mid-year report, if the expense occurs in the first two quarters, and in the end of the fiscal year CARS report.
- b. If the balances will be used for major capital expenses, such as the purchase, construction, major renovation, or replacement of land or buildings used to provide mental health, developmental, or substance use disorder services or the CSB's management and administrative operations or the purchase or replacement of information system equipment, these costs shall be shown as state retained earnings and shall be described separately on the Financial Comments page (AF-2) of the performance contract and the CARS reports.
- c. Balances used for major capital expenses shall be included on pages AF 1 and AF-3 through AF-8 as applicable but shall not be included in the service costs shown on Forms 11, 21, 31, or 01 of the performance contract or CARS reports because these expenses would distort the ongoing costs of the services in which the major capital expenses would be included. Differences between the funds shown on pages AF-1 through AF-8 related to the inclusion of unspent balances as retained earnings for major capital expenses and the costs shown on Forms 11 through 01 shall be explained on Form AF-10 Supplemental Information: Reconciliation of Projected Resources and Core Services Costs by Program Area. However, depreciation of those capital assets can be included in service costs shown on Forms 11 through 01.
- d. In either case, for each separate use of unspent balances of state funds, the amount expended and the category from those listed in the expenditure shall be shown on the Financial Comments page of the performance contract, if the expenditure was planned at the beginning of the contract term, and in the end of the fiscal year CARS report. The amount of unspent balances must be shown along with the specific sources of those balances, such as unrestricted state funds or particular

restricted state funds. Uses of unspent balances of state funds shall be reviewed and approved by the Department in accordance with the principles and procedures in this document and the Performance Contract Process in Exhibit E of the performance contract.

- e. CSBs may maintain their accounting records on a cash or accrual basis for day-to-day accounting and financial management purposes; however its CARS reporting must be in compliance with Generally Accepted Accounting Principles (GAAP). CSBs may submit CARS reports to the Department on a cash or modified accrual basis, but they must report on a consistent basis; and the CARS reports must include all funds contained in the performance contract that are received by the CSB during the reporting period.

5. Department Review of Unspent Balances

In exercising its stewardship responsibility to ensure the most effective, prudent, and accountable uses of state funds, the Department may require CSBs to report amounts of unexpended state funds from previous fiscal years. The Department also may withhold current fiscal year disbursements of state funds from a CSB if amounts of unexpended state funds for the same purposes in the CSB's reserve account exceed the limits in this document. This action would not affect the allocation of those state funds in the following fiscal year. The Department also may review available unspent balances of state funds with a CSB that exhibits a persistent pattern of providing lower levels of services while generating significant balances of unspent state funds, and the Department may take actions authorized by State Board Policy 6005 to address this situation. Finally, the Department may establish other requirements in collaboration with CSBs for the identification, use, reporting, or redistribution of unexpended balances of state funds.

FY2022 AND 2023: Administrative Requirements and Processes and Procedures

Appendix D: User Acceptance Testing Process

Appendix D: User Acceptance Testing Process

1. User acceptance testing (UAT) is testing used to validate an application against the business requirements. It also provides the opportunity for the end user/client to determine if the application is acceptable or not. UAT is the last step in ensuring that the application is performing as expected and to minimize any future undue costs caused by unexpected errors and decreased data veracity.
2. By the time an application has reached the UAT process, the code is expected to work as determined in the business requirements. Unpredictability is one of the least desirable outcomes of using any application. Several factors make UAT necessary for any software development or modification project, especially for complex applications like CCS 3 or the Waiver Management System (WaMS) that interface with many IT vendor-supplied data files and are used by many different end users in different ways.
3. In the UAT process, end users test the business functionality of the application to determine if it can support day-to-day business practices and user case scenarios. The Community Service Boards (CSB) and Department of Behavioral Health and Developmental Services (DBHDS) will use the following UAT process for major new releases and/or upgrades of CCS 3, WaMS, or other applications that involve the addition of new data elements or reporting requirements or other functions that would require significant work by CSB IT staff and vendors.
4. Major changes in complex systems such as CCS or WaMS shall occur only once per year at the start of the fiscal year and in accordance with the testing process below. Critical and unexpected changes may occur outside of this annual process for business applications, under those circumstances DBHDS will follow the established UAT process to implement them. Smaller applications follow the process below at the discretion of the DBHDS and the VACSB DMC. (Virginia Community Service Board Data Management Committee).
5. Minor releases of CCS 3 or other applications will utilize shorter processes that will require a modification to the established UAT process. Minor releases can be described as small modifications of the application and that does not involve collecting new data elements. For example, bug fixes or correcting vendor or CSB names or adding values in existing look up tables may start at D-35.
