

Master File Plans Inspection Summary Sheet

Issued by: *Eric M Maup, P.E.*

Building Official

Effective: May 1, 2001

Revised: February 7, 2022

During the Residential Masterfile Building permit application, the builder must provide a completed [Master File Plans Inspection Summary Sheet](#). The information provided on the form will assist review in processing the permit application and ensure the inspector can efficiently reference the applicable plans within the project's Master File Plan during the inspections process.
