Board of County Supervisors

Mission Statement

The mission of Prince William County Government is to provide the necessary services to protect the health, welfare, safety, and environment of citizens consistent with the community's values and priorities. This mission is accomplished by encouraging citizen input and involvement, preserving the County's fiscal stability, producing effective and efficient government programs, managing the County's resources, planning for the future, and representing citizens' needs and desires to other levels of government.

Board of County Supervisors

General Overview

- A. Full-Year Costs for Board Salary Increases** – Board of County Supervisors (BOCS) salaries were increased in the FY2024 Budget, effective on January 1, 2024, for the new incoming Board. In FY24 half-year costs of \$140,000, or an increase of \$17,500 per magisterial district, were added to the BOCS budget for the salary increases. An additional \$140,000 was added to the BOCS budget to support the full-year cost of the salary increases for FY25. Additionally, \$15,000 was added to the general expenditure budget to make each magisterial district office budgets equal to \$525,000 and \$535,000, respectively for the BOCS Supervisors and the Chair’s office.
- B. Shift in Board of County Supervisors (BOCS) Chair and Supervisors Compensation** – Previously, the BOCS Chair and Supervisors total salaries and benefits of \$724,148 was allocated to individual magisterial district office budgets. This allocation is now centralized under the BOCS Administration program. The magisterial district office budgets remain unchanged.

Program Summary

Audit Services

Audit Services is an independent function of Prince William County government that monitors, evaluates, reviews, and conducts tests of the County’s system of internal controls designed by management to provide reasonable assurance that (1) County operations are effective, efficient, economical, and ethical; (2) financial statement records and reports are accurate, reliable, and complete; and (3) County personnel, programs, agencies, departments, and offices comply with all applicable laws and regulations. Audit Services also conducts independent internal investigations based on information provided by others, including callers to a voicemail hotline, at (703) 792-6884, for reporting fraud, waste, or abuse of County resources.

Audit Services works for the BOCS and the Board Audit Committee (BAC). The BAC is a committee the BOCS established to assist with governance and oversight responsibilities. All members of the BOCS comprise the BAC, which consists of three regular voting members and five alternate members.

- County Attorney: \$6,362,782

Mandates

The Code of Virginia provides that with the appointment of a County Attorney, the Commonwealth Attorney is relieved of any duty to the locality regarding civil matters. All civil matters are handled by the County Attorney, including advising the governing body and all boards, departments, agencies, officials and employees of the locality, drafting or preparing ordinances, defending or bringing actions in which the local government or any of its boards, departments or agencies, officials, or employees are a party, and in any other manner advising or representing the local government, its boards, departments, agencies, officials, and employees. The Board of County Supervisors has enacted additional local mandates for which the County Attorney is responsible.

State Code: [15.2-1542](#) (Creation of office of county, city or town attorney authorized), [15.2-529](#) (Appointment of county attorney), [15.2-633](#) (Office of the county attorney), [63.2-1949](#) (Authority of city, county, or attorney)

County Code: [Chapter 2](#) (Administration), [Chapter 5](#) (Home Improvement Contractor License), [Chapter 5.6](#) (Cable Television), [Chapter 9.2](#) (Fire Prevention and Protection), [Chapter 10.1](#) (Human Rights), [Chapter 16](#) (Miscellaneous Offenses), [Chapter 20](#) (Unclaimed Money and Property), [Chapter 22](#) (Refuse), [Chapter 32](#) (Zoning)

Staff History by Program

Future Outlook

Overview – Significant future legal matters will continue to need consideration with the issues related to the collective bargaining process, civil protest, police reform, equity and inclusion, the Virginia Values Act, civilian police oversight, both sovereign and qualified immunity, and other Board priorities. Potential increases in workload due to these matters may require future discussion about additional staff members at each level of the Office – attorneys, paralegals, and administrative support staffing. The County Attorney’s Office assisted in the development and implementation of the collective bargaining ordinance and corresponding personnel policy, along with the subsequent negotiation meetings with the Police Department and Department of Fire and Rescue. As those policies continue to evolve, there may be areas such as policy matters, retention, and possible liability that will continue to take staff time to address.

Significant future legal issues relate to collective bargaining, transportation projects, land use matters, telecommunications/cable franchise negotiations, and technology issues. Significant time and resources will continue to be devoted to Freedom of Information Act (FOIA) requests and subpoenas, as these matters continue to grow in volume and complexity.

Collective Bargaining – While the Collective Bargaining Team has moved through the process with both the Police and Fire and Rescue Bargaining Units, there will be additional follow through with various policies and procedures depending on any agreements ratified by the Board. In addition, there is a proposed wage reopener in two years which will require preparation work. Furthermore, there is the real possibility that the General Services Bargaining Unit will organize and begin the process. Negotiations with the likely representative of this bargaining unit, SEIU, will be significantly more complex and time consuming than negotiations with the Fire and Rescue and Police representatives, and therefore will require continued support from outside counsel for expertise and assistance.

Child Protective Services and Human Services – Child abuse and neglect cases will continue to be complex and time consuming, requiring at least three full-time attorneys, with increased support staff time. Mental health, Health Insurance Portability and Accountability Act (HIPAA) compliance, co-responder, and Housing issues will continue to grow.

Federal Regulations – Federal regulations and laws will continue to require the dedication of legal resources to support the County in the area of CARES Act and ARPA fund assessment and implementation, Internal Revenue Service (IRS) audits, etc.

Property Acquisitions – Multiple large project property acquisitions and condemnation cases by the County for the construction of public facilities, new roads, and improvements to existing roads throughout the County will continue to require a substantial amount of time. These cases continue to take significant resources, as the Virginia statute and constitutional amendment on lost profits continue to impact these cases.

Support for the Department of Economic Development – This area of work will continue to increase as prospects and companies look to relocate to the County. These matters are often expected to be a top priority.

General Overview

- A. County Public Health Department** – In FY23, there was a soft rollout of a County Public Health Department. This initiative was driven from Board of County Supervisors issued [BOCS Directive 20-83](#) to explore and prepare a proposal to create a new County department. For the soft rollout, both Public Health and the County Attorney’s Office were provided a total of seven positions. During FY24, these positions and funding were on hold in both departments, to be used when a decision is made on the transition project. The transition to a County Public Health Department will not occur in FY25 due to ongoing discussions with the Virginia Department of Public Health and the Cities of Manassas and Manassas Park. Therefore, the FY2025 Budget includes a one-time \$196,944 increase to the County Attorney’s budgeted salary lapse savings based on the value of the vacant positions (a Senior County Attorney and Paralegal) associated with the future transition to a County Public Health Department.
- B. Removal of One-Time Costs** – One-time costs of \$10,000 for the paralegal position associated with Collective Bargaining that was added in FY24 have been removed from the FY2025 Budget.

Budget Initiatives

A. Budget Initiatives

1. Contractual Litigation Services – County Attorney’s Office

Expenditure	\$350,000
Revenue	\$0
General Fund Impact	\$350,000

Elections

Mission Statement

The mission of the Office of Elections is to provide an equal opportunity for all qualified citizens of Prince William County to register and vote in all local, state, and federal elections. The Office of Elections conducts all elections to the standards of the Virginia Code and meets best practices of the elections' industry. This should be accomplished while ensuring transparency and building public confidence in the election process. The Office of Elections works to ensure that voters can vote via all methods allowed in Virginia including voting by mail, voting early, and voting on Election Day. The Office of Elections operates as a communication and information resource for citizens and keeps the public informed of critical deadlines and procedures for how to register and vote. The major stakeholders are more than 315,789 registered voters, the Prince William County Electoral Board, the State Department of Elections, election officers, candidates, and partnering county agencies.

Full-Time Equivalent (FTE) Total	17.00	17.00	17.00	17.00	18.00

Future Outlook

Continuing to Provide Multiple Voting Types – Planning for three different types of voting (mail, early, and Election Day) means convenience for voters, but extra spending in each area due to uncertainty of how people will choose to vote each election. With the longest early voting period of any state and elections every year, no election officials in any state in the country are open for voting nearly a quarter of every year. Retaining election officers, keeping staff motivated, and spending public dollars efficiently in those conditions requires careful planning and consideration.

Operating Space – The Office of Elections main facility does not provide enough room to efficiently service voters, run agency operations, and serve as an early voting site. All agency operations are spread across multiple sites including (1) a main office, (2) separate warehouse, (3) borrowed space to train election officers, and (4) another meeting facility for Board meetings and events. This should all be in one location for operational efficiency, improved communications, and ballot security. Early voting sites have inadequate space for major elections and present operational challenges to meeting state (room for privacy, poll watcher requirements, etc.) and federal laws (ADA) even in low turnout elections. Modifications to existing early voting locations and/or infrastructure would be advisable until the Office of Elections can be relocated to a facility that adequately meets operational, accessible, and security needs.

Information and Observation Requests – The Office of Elections often receives information requests, inquiries, and questions on a scale previously unseen that requires the time of many staff members and threaten the completion of core tasks central to Election’s mission. Responses to these requests are important for agency transparency and to meet state and federal Freedom of Information Act (FOIA) laws, but the short response time required by law and the unpredictable nature of the requests creates a response challenge.

Communication with the Public – In an environment of voter confusion and misinformation, it is important Elections works to ensure voters receive timely information from official sources. Social media and the Elections’ website must be utilized to provide updates for voters. To improve public engagement, reduce voter confusion, and ensure equal access to official information other formats should be leveraged. Staff must work to identify official and unofficial communications to inform the public. Access to the voting process before, during and after the election must be made transparent and visible insofar as the law allows.

General Overview

A. Removal of One -Time Cost for Security Improvements in FY2024 – A total of \$228,500 has been removed from Elections FY24 budget for one-time costs associated with facility security improvements necessary to secure entry points, protect staff and the public while improving office accessibility and functionally.

FTE Positions	0.00

- a. Description** – A presidential election will occur on November 5, 2024. One-time expenditures related to the election include additional election officers, temporary Election staffing and overtime, testing and programming voting equipment and machinery, as well as expenses associated with printing and mailing additional paper and absentee ballots due to expected higher voter turnout.
- b. Service Level Impacts** – This initiative will sustain higher Elections operations workloads preceding the 2024 presidential general election. It will also maintain services during higher voter turnout which is estimated at approximately 250,000 voters.

Elections

2. Senior IT Analyst – Conduct and Certify Elections

Expenditure	\$114,788
Revenue	\$0
General Fund Impact	\$114,788
FTE Positions	1.00

- a. **Description** – This funding supports the role of a Senior IT Analyst in the Office of Elections. The responsibilities include overseeing security infrastructure, working closely with DoIT personnel, and upholding election accuracy by assessing contracts, handling Freedom of Information Act (FOIA) requests, and implementing quality control procedures.
- b. **Service Level Impacts** – This role entails ensuring compliance with state standards and assisting with office requests, including the handling of FOIA requests, which have seen an increase in recent years.

Program Summary

Conduct and Certify Elections

The Office of Elections is comprised of the Electoral Board, the General Registrar/Director of Elections, and Assistant Registrars. The Electoral Board appoints the General Registrar/Director of Elections who serves the Board and appoints Assistant Registrars. The Office of Elections conducts all elections in Prince William County and is a state-mandated office whose purpose is to maintain voter registration records and conduct elections, including voting by mail, early, and on Election Day. The Office of Elections maintains regular hours open to the public, processes voter registration applications, provides election data to citizens and candidates, certifies local candidate filings, trains election officers to conduct each election, maintains election equipment, and certifies the results for each election.

Executive Management

Mission Statement

The Office of Executive Management provides day-to-day leadership and administrative oversight of county departments and agencies to accomplish the strategic goals of the Board of County Supervisors and to ensure effective and efficient performance of County government services while maintaining fiscal responsibility and accountability. The Office of Executive Management supports the Board of County Supervisors by providing operational strategic guidance, as well as overseeing policy direction and development. The office is committed to achieving the County's vision of a diverse community striving to be healthy, safe, and caring with a thriving economy and a protected natural environment. Executive Management is also committed to serving the County's diverse and dynamic workforce by reinforcing the organization's vision and values, as well as leading and building upon the organization's culture of equity, inclusion, diversity, trust, recognition, and engagement. Executive Management uses a human-centered design lens to ensure process improvement and optimization of the experience and interaction with the county government and residents, visitors, and those doing business in Prince William County.

Future Outlook

Transformation Management – Office of Executive Management (OEM) is committed to focusing on seamless and customer-focused government services to support continuous quality improvement efforts and service transformation to ensure those who depend on County services have exceptional experiences with Prince William County (PWC) government. As such, the creation of the Transformation Management Office (TMO) in OEM will help facilitate this by developing, designing, and leading strategic initiatives focused on improving the overall customer experience for residents, visitors, employees, and those doing business in PWC. The TMO is a temporary office that will be operational for two years, starting December 2023. It will primarily focus on process reengineering and improvement, technology optimization, and performance management.

Language Access – As OEM is focused on process improvement and optimization efforts for the experience and interaction with the County government, the County’s Language Access Policy meets the communication needs of residents who are limited English-proficient to ensure they have meaningful access and an equal opportunity to participate in all County services, programs, activities, and benefits. This will help to ensure the County provides equitable, inclusive, and fair delivery of services to the community.

Digital Transformation – Efforts to improve overall customer service must also include digital technology. OEM is working closely on the digital transformation of constituent services to ensure positive touchpoints and interaction with customers that occurs online. OEM is also working closely with Human Resources to extend this focus on excellent customer service to internal customers. Reimagining Human Resources will better serve current workforce and recruitment efforts to ensure appropriate and accurate classification of positions, providing needed and desired training to help employees grow within the organization, and collaborating with departments to help accomplish recruitment and retention goals.

Executive Management

Climate Mitigation and Resiliency – Over the next several years, OEM will also be focused on working toward achieving the Board of County Supervisors (BOCS) Climate Mitigation and Resiliency Goals, which were adopted in November 2020. The County’s Community Energy and Sustainability Master Plan serves as a roadmap for the County to reach the Board’s Climate Mitigation and Resiliency goals. Achieving these goals will require unprecedented, aggressive action. In many cases, the actions will be initially driven by the County government, but will also require strong participation by residents and businesses. Partnerships and advocacy at the regional, state, and federal levels will be crucial. By 2030, it is expected that this office will experience double digit staffing growth to support the achievement of the Climate Mitigation and Resiliency goals.

Safe and Secure Community – In 2023, the BOCS established the Office of Community Safety with four full-time positions and two grant-funded positions. The office is charged with bringing County agencies and the community together to address safety through collaboration and a proactive focus on prevention, intervention, and diversion. FY24 will see the hiring of staff and creation of the PWC Community Safety Advisory Committee, as well as defining the work to ensure alignment with community and County agencies in co-producing community safety. Staff will be responsible for the ongoing effort to engage the community to gain insights and create trusting relationships, as well as compiling and analyzing data to identify root causes of safety problems to determine community safety priorities, focused action plans, and measuring the success of the program.

Procurement – Through the Office of Procurement Services, OEM is shifting to a forward-looking acquisition strategy, aimed at innovation, integration, collaboration, vendor relations, and data-driven performance. There will be a focus on modernizing the acquisition process to improve the overall customer experience, expanding procurement solutions through strategic and sustainable sourcing, and use of strategic sourcing marketplaces. The office will focus efforts on developing a robust marketplace that connects agencies to vendors that meet their business needs. To achieve these key performance initiatives an increase in the Office of Procurement Services staff is necessary.

General Overview

- A. Procurement Services Relocation from Finance** – The BOCS approved County government organizational structure changes on September 12, 2023, with [BOCS Resolution 23-449](#) to align the structure of the government and the efficiency of operations. In FY24, the reporting structure for Procurement Services was moved from the Finance Department to the OEM. OEM is shifting to a forward-looking acquisition strategy, aimed at innovation, integration, collaboration, vendor relations, and data-driven performance. There will be a focus on modernizing the acquisition process to improve the overall customer experience, expanding procurement solutions through strategic and sustainable sourcing, and use of strategic sourcing marketplaces. The office will focus efforts on developing a robust marketplace that connects agencies to vendors that meet their business needs. This included shifting 17.00 FTEs and associated revenue and expenses totaling \$554,578 and \$1,922,599 respectively.
- B. Communications and Engagement** – The Communications program became Communications & Engagement in FY24. This restructuring aligned the County’s engagement efforts by bringing communications, employee engagement, Clerk to the Board, and legislative affairs under Communications & Engagement. This included a shift of 1.50 FTEs from Management & Policy Development, 1.00 FTE from Administrative Support to the Board, and 0.50 FTE from Legislative Affairs & Intergovernmental Relations.
- C. Community Safety** – A new OEM program was formed in FY24, the Office of Community Safety. This was the result of the [Community Safety Initiative](#) presented on December 6, 2022, and provides PWC residents a proactive focus on prevention, intervention, diversion, and other evidence informed strategies driven by data. Once the Community Safety program was set up in FY24, the 4.00 FTEs adopted in the FY24 Budget, including salaries and benefits of \$495,643 and associated overhead, shifted from the Management & Policy Development program.

Executive Management

Budget Initiatives

A. Budget Initiatives

1. Procurement Analysts – Procurement Services

Expenditure	\$357,191
Revenue	\$0
General Fund Impact	\$357,191
FTE Positions	3.00

a. **Description** – This initiative provides funding for 3.00 FTEs, Procurement Analysts. The [General Government Staffing Levels Assessment](#) audit, completed in March 2023, confirmed that Procurement Services is understaffed. Additional procurement staffing is needed to keep up with the increased budgeted expenditures, growing County population, and increased state and federal requirements. These positions will help improve the delivery of the County's \$1.3 billion Capital Improvement Program. Procurement Services is realigning the Procurement Services team to provide dedicated Procurement Officers to each government organization quadrant to support departments by procuring quality goods and services in a timely manner. As the County's budget grows, departments require increased support from Procurement Services to spend funds in accordance with public procurement regulations (to ensure fairness and transparency). The Procurement Analysts will manage the solicitation process by executing all required steps to establish contracts. This initiative includes \$283,010 in salaries and benefits, \$26,661 in internal services, and one-time costs including \$30,600 for furniture and \$16,920 for existing space reconfiguration.

b. **Service Level Impacts** – The positions will provide the resources necessary to achieve the following goals:

▪ **External customers' procurement process satisfaction**

FY25 w/o Addition | 90%

FY25 w/ Addition | 95%

▪ **Internal customers' procurement process satisfaction**

FY25 w/o Addition | 85%

FY25 w/ Addition | 90%

2. Environmental Program Manager – Environmental & Energy Sustainability

Expenditure	\$144,670
Revenue	\$0
General Fund Impact	\$144,670
FTE Positions	1.00

a. **Description** – This initiative provides funding for 1.00 FTE, an Environmental Program Manager. Funding includes \$114,443 in salaries and benefits, \$8,887 in internal services, and \$21,340 in additional maintenance and goods & services. The Environmental Program Manager will begin to implement the County's Community Energy and Sustainability Master Plan. The primary focus of the position will be on creating and maintaining the Adaptive Management system for analyzing progress towards the Climate Mitigation and Resiliency goals, including assessment of greenhouse gas emissions, renewable and fossil energy mix, and climate resiliency metrics for major projects in the County.

b. **Service Level Impacts** – The overall effect will include additional support of the [2021-2024 Strategic Plan](#) Goals Sustainable Growth (SG) SG2:A, SG2:C, SG2:E, and Environmental Conservation (EC) EC1:A.

▪ SG2:A Ensure PWC leads by example by implementing energy-conserving building design standards for future county infrastructure and facilities, and retrofit county infrastructure and facilities as opportunities arise.

▪ SG2:C Increase and incentivize the usage and implementation of alternative and renewable energy sources throughout the county.

▪ SG2:E Implement MWCOG targets to reduce greenhouse gas emissions from all sources within the county to 50% of 2005 level by 2030, and to be carbon-neutral by 2050.

▪ EC1:A Prioritize minimizing land disturbance during construction and leaving natural terrain in a natural state. When not feasible, evaluate alternatives such as tree-banking programs.

Executive Management

Program Summary

Management & Policy Development

Manage policy development process for the BOCS, providing staff recommendations for consideration, and responding to directives from the BOCS.

Executive Management

Equity & Inclusion

This program will develop a framework for becoming a more inclusive and equitable PWC. The County aspires to ensure all its residents are treated fairly, to reduce disparities, and to proactively give all residents opportunities to participate fully in the benefits, programs, and services that the County offers. This includes the development of equitable lenses or tools to assess the County's programs, planning, and processes.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted

Meetings per year	-	-	18	24	12
Meeting agenda/briefs available to citizens by deadlines	-	-	18	24	12

Community Safety

Provide PWC residents a proactive focus on prevention, intervention, diversion, and other evidence informed strategies driven by data. Community engagement and data will be used to determine priorities and community action plans. The implementation steps include building community collaboration by creating an advisory committee comprised of representatives from governmental agencies and members of the community, engaging residents and stakeholders, compiling data, and based on the results of the data assessment, determining strategic priorities customized to focus on community needs.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Effectiveness of Community Engagement	-	-	-	-	>85%

Facilities & Fleet Management

Mission Statement

Facilities & Fleet Management sustains the foundation of local democracy. The Prince William County Department of Facilities & Fleet Management provides safe, sustainable, proactive, and effective infrastructure and services to County agencies, so agencies can achieve their mission of serving the residents of Prince William County.

Government Operations, Performance & Innovation
Expenditure Budget: \$169,387,938

Expenditure Budget:
\$54,661,163

*32.3% of Government Operations,
Performance & Innovation*

Programs:

- Director's Office: \$1,512,872
- Buildings & Grounds: \$15,615,738
- Facilities Construction Management: \$557,243
- Fleet Management: \$15,472,315
- Property Management: \$18,539,817
- Security Management: \$2,963,178

Mandates

Facilities & Fleet Management does not provide a federally mandated service; however, it does provide a state-mandated service.

State Code: [Title 42.1-76 Chapter 7](#) (Virginia Public Records Act)

Facilities & Fleet Management

Future Outlook

Construction Management – The County has multiple ongoing and future high profile facility construction projects. These projects require an investment in management tools and staff resources. The implementation of technological solutions to better manage these projects will be critical to their success. The ability to accurately estimate the costs of future projects will be key to strategically managing future projects. Furthermore, qualified and experienced project managers to lead these projects are necessary to ensure the County takes possession of facilities that meet its needs.

Security – To hire and retain the best employees, it will be critical for the County to invest in an environment where employees feel safe at work. This investment needs to include the creation of overarching security procedures and practices. New and renovated facilities need to incorporate the best security practices. Security professionals need to be actively evaluating current security protocols and improving them. Technology needs to be employed to ensure a secure environment. Furthermore, the education of employees about their role in creating a safe place to work will be critical as well. The County's residents and both current and future employees expect to be safe in County facilities.

Sustainability – The successful management of facilities and fleets requires the implementation of sustainable practices. These practices include the implementation of alternative power sources like solar power, geothermal heating and cooling, and hybrid and electric vehicles. Also, the replacement of existing facility components like lighting and heating, ventilation, and air conditioning systems with more efficient technology will be critical. To achieve the County sustainability goals, resources and funding from multiple sources such as grants and the County will need to be identified.

Facilities & Fleet Management

Workforce Challenges – Training and retaining employees continues to be a challenge; this may affect the outcome and milestones of Facilities & Fleet Management (FFM) projects. A considerable number of employees are reaching the age or years in service to be retirement-eligible. Loss of experienced staff represents a serious drain of talent and considerable institutional knowledge of technical and professional skills. This trend is also occurring simultaneously in the private sector. The result is that the department continues to compete with industry for a smaller talent pool, particularly in the trades. FFM will continue to develop strategies and partnerships to effectively recruit and retain talented employees to work with the County.

General Overview

- A. Removal of One-Time Costs in Property Management and Buildings & Grounds** – A total of \$109,075 in expenditures has been removed from the Property Management program for FY24 one-time costs associated with the purchase of a motor vehicle, internal service fees, repairs & maintenance, and space rental related to the Crisis Receiving Center Maintenance & Operations staffing. A total of \$34,953 in expenditures has been removed from the Buildings & Grounds program for FY24 one-time costs associated with the purchase of a motor vehicle related to the Crisis Receiving Center Maintenance & Operations staffing.
- B. Removal of One-Time Costs in Buildings & Grounds** – A total of \$62,090 in expenditures has been removed from the Buildings & Grounds program for FY24 one-time costs associated with the purchase of a \$26,440 shared motor vehicle and \$35,650 in machinery & equipment related to the Mike Pennington Scenario-Based Training Center operations staffing.
- C. Development of Security Program Management Division** – In FY24, the Security Program Management division was created to meet the recommendations of the [RSM internal audit titled Overall Physical Security Assessment](#), presented to the Board of County Supervisors (BOCS) Audit Committee on October 24, 2023. As part of this development, the Security activity previously residing in Buildings & Grounds shifted and became the Security Systems Maintenance and Operations activity under the new Security Program Management division. The Security activity had fulfilled its function with cameras, access controls, and security alarms. The shift included 4.00 FTEs from Buildings & Grounds. The newly created division will expand the security function, leading the organization in the development of countywide policies and procedures related to security, working with each department to develop standard operating procedures for worksites, incorporating various security equipment such as panic alarms, and communicating during an emergency. Security Program Management will complete security assessments of existing and future facilities, beginning with BOCS offices, and work with emergency management on notification systems. The division will update existing policies and manage training of the County workforce on security policies and procedures.
- D. Position Shift from Finance (Risk & Wellness Services) to FFM (Security Program Management)** – During FY24, 1.00 FTE was shifted from the Finance Risk & Wellness Services division to the FFM newly developed Security Program Management division. The vacant FTE was reclassified from a Risk & Wellness Manager to an Assistant Director of Maintenance & Operations. The total salary & benefits cost for the Risk & Wellness Manager in FY24 was \$111,255, which was cost recovered through the Prince William Self-Insured Group. The \$111,255 cost recovery was shifted with the position shift. This position will work with County departments and other program partners to develop, administer, and advance a centralized safety and security management program for Prince William County. The position will develop short-range and long-range goals and objectives to manage the organization's safety and security programs and systems based on prioritization of risk and vulnerability.
- E. Position Shift from Department of Social Services (DSS) (Juvenile Services) to FFM (Buildings & Grounds)** – During FY24, a vacant Maintenance & Operations Specialist position, 1.00 FTE, was shifted from DSS, Juvenile Services, to FFM, Buildings & Grounds. The shift included total FY24 budgeted salary and benefits of \$75,002. FFM has the expertise to cover the complexities of plumbing, HVAC, and electrical systems related to the Juvenile Detention Center (JDC). The position will continue to support the JDC facility.

Facilities & Fleet Management

Budget Initiatives

A. Budget Initiatives

1. Neabsco/Potomac Commuter Garage – Buildings & Grounds and Property Management

Expenditure	\$732,624
Revenue	\$0
General Fund Impact	\$732,624
FTE Positions	3.00

a. **Description** – This initiative provides maintenance and operations support, including 3.00 FTEs, for the Neabsco/Potomac Commuter Garage that will serve as a park and ride lot for commuters, relieving capacity needs at the Route 1 and Route 234 park and ride lots. The new garage is scheduled for completion June 2024 and includes 434,095 square feet, 1,080 parking spaces, and sits on a 17.6 acre parcel. The 3.00 FTEs include one Maintenance & Operations Worker and two Maintenance & Operations Specialists, for \$208,380 in total salaries and benefits. These FTEs also include \$31,327 in internal service fees. Other significant expenses include approximately \$290,921 in repairs and maintenance and \$117,422 in utilities. Total one-time expenses of \$84,574 include a \$55,080 vehicle purchase. Both the garage and the grounds will require daily maintenance that is necessary for the operation and upkeep of the facility.

b. **Service Level Impacts** – The commuter garage supports the County’s Transportation & Mobility strategic goal as follows:

- Enhancing local, state, regional, and federal partnerships to identify resources and leverage funding for mobility projects and initiatives.
- Improving multi-modal options for commuters.
- Increasing public transportation utilization.
- Focusing on cost effective and innovative transportation designs that improve traffic flow to reduce congestion and reduce the need for future roadway widening.

2. Capital Project Principal Engineers and Licensing Costs – Facilities Construction Management (FCM)

Expenditure	\$530,447
Cost Recovery	(\$225,000)
Revenue	\$0
General Fund Impact	\$305,447
FTE Positions	2.00

a. **Description** – This initiative funds 2.00 FTEs, both Principal Engineers, including salary & benefits of \$250,767. Other operating costs include one-time set up costs of \$38,880 and internal service costs of \$15,800. FCM is experiencing an increase in the number of capital projects requiring oversight and management. Additional staffing is required to properly manage the number of CIP projects. Project funding for capital projects has roughly doubled over the last four fiscal years, from \$135 million to \$280 million. This initiative will improve capital project management, scheduling, and project estimating capacities to deliver projects to the community on time and on budget.

In addition, this initiative includes \$225,000 for licensing costs to support Countywide capital project management software system. The annual cost of these licenses will be recovered from all active capital projects. The implementation of the system began in FY24 and will facilitate efficient project planning, resource allocation, and monitoring of County capital projects.

b. **Service Level Impacts** – The overall effect will be an increase in FCM’s customer satisfaction rating and additional support of the 2021-2024 Strategic Plan Goals HW2:B, SS1:A, and RE3:B in fulfilling duties in a timely manner.

- HW2:B Open homeless navigation centers in eastern and western PWC
- SS1:A Provide appropriate staffing, equipment, and resources to public safety departments to ensure the highest quality of service
- RE3:B Invest in economic development, parks, recreation and tourism programs, projects and infrastructure that drive business and creates a sought-after quality of life attractive to residents, visitors, and business investors

Facilities & Fleet Management

3. Security Program Management – Security Program Management

Expenditure	\$247,654
Revenue	\$0
General Fund Impact	\$247,654
FTE Positions	2.00

a. Description – This initiative supports the Security Management Program division, created in FY24 to meet the recommendations of the [RSM internal audit titled Overall Physical Security Assessment](#), presented to the Board of County Supervisors (BOCS) Audit Committee on October 24, 2023. The Security Management Program division is tasked with the development of countywide policies and procedures related to security, working with each department to develop standard operating procedures (SOPs) for worksites, and incorporating various security equipment such as panic alarms and communications during an emergency. The division's goals include completing security assessments, supporting notification systems, updating and training the County workforce on security policies and procedures, and managing the security badge process. To achieve these goals, this initiative includes the hiring of 2.00 FTEs, both Senior Emergency Management Specialists, for a total salary & benefits package of \$200,964. Other costs include \$29,880 of which \$29,280 are one-time setup costs, and internal service costs of \$16,810. This initiative ensures the safety of County employees and guests at all County facilities and properties.

b. Service Level Impacts –

▪ Percentage of employees feeling safe at the workplace

FY25 w/o Addition		74%
FY25 w/ Addition		80%

4. Mike Pennington Scenario-Based Training Center (Public Safety Firing Range) Operations – Buildings & Grounds

Expenditure	\$223,835
Revenue	\$0
General Fund Impact	\$223,835
FTE Positions	0.00

a. Description – This initiative funds ongoing operating costs for lead remediation of the range floor at the 65,000 square foot public safety firing range. Lead remediation is critical to continued operation of the public safety firing range and satisfying mandated regulatory compliance. This initiative ensures public safety departments train in a safe, clean facility.

b. Service Level Impacts – Insurance of a safe, clean facility in which to train while adhering to mandated regulatory compliance.

5. Fleet Vehicle Replacement Fund for New Vehicles in FY25 – Fleet Management

Expenditure	\$209,805
Revenue	\$0
General Fund Impact	\$209,805
FTE Positions	0.00

a. Description – This initiative increases the vehicle replacement budget \$209,805 for future vehicle replacements as a result of vehicle additions in the FY2025 Budget. The FY2025 Budget includes the addition of 30 vehicles, 22 of which are public safety vehicles.

b. Service Level Impacts – Existing service levels are maintained.

Facilities & Fleet Management

Program Summary

Director's Office

Provide overall leadership and management oversight for all FFM activities. Work as a catalyst between customers and divisions. Review all major policy issues, financial transactions, BOCS reports, County Executive-generated directives, and interface with executive management on complex issues within the department. Provide human resource management for the department.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted

Total non-CIP projects	1	5	5	1	5

Facilities & Fleet Management

Fleet Management

Provide County vehicle maintenance and County vehicle replacement. Provide fuel, repairs, vehicle acquisition, equipment disposal, and maintenance services to the County's vehicles and equipment in an efficient, environmentally responsible, and cost-effective manner, and minimize downtime due to breakdowns or other unscheduled maintenance. Replace County vehicles at the optimum point in the vehicle life cycle, maximizing cost-effectiveness and vehicle safety and reliability.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Cost per mile - light duty public safety vehicles	\$0.36	\$0.33	\$0.33	\$0.35	\$0.33

Vehicles purchased (general fund)	70	83	107	100	96

Property Management

Provide a wide array of internal County services, including space planning, agency moves, furniture purchasing, and management of surplus furniture items. Manage the County's leased spaces. Make utility payments and monitor energy consumption at both owned and leased properties. Manage the County's Archives and Records Center in accordance with the mandated Library of Virginia retention standards. Manage the County's Building & Facilities Capital Program. Manage CIP renovation projects.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Customers satisfied with overall project management	100%	99%	100%	98%	98%

Mandates

The County is mandated to employ a Director of Finance, assess property values, bill and collect taxes, and maintain the County's financial records in accordance with state laws and regulations. The Finance Department provides these services. The Finance Department is also the liaison to the state mandated Board of Equalization.

The Board of County Supervisors has enacted additional local mandates for which the Finance Department has responsibility.

Future Outlook

Technology – The County previously completed the migration and upgrade of its financial management system from a third-party hosted, off-premises solution to a cloud-based solution. Migration to the cloud allows the County to take advantage of enhanced functionality, promote efficiencies by streamlining current processes, and increase ease of financial reporting and financial data collection. Future technology initiatives will likely include an upgrade to the Real Estate Assessment database to lift the real estate assessment system to the cloud and provide advanced tools for the more efficient recording of assessment data from the field as well as the potential acquisition and implementation of automated tools such as artificial intelligence and cloud-based virtual assistants to provide 24/7 support and interaction with taxpayers. These initiatives require an investment of County funds and implementation time frames that span multiple years.

Governmental Accounting Standards Board (GASB) Pronouncements – GASB has several major projects underway that will ultimately result in new pronouncements in future years that have the potential to significantly impact the financial reporting model and conceptual framework for revenue and expense recognition. These new standards are anticipated to require significant staff time and effort to implement.

Data Centers – The data center industry is an increasingly larger segment of the County's tax base and resulting revenues. As such, this is a sector the County must continually monitor and seek to fully understand, given the complexities and refreshment cycle of the property housed within data centers. Recent new legislation passed by the General Assembly changes certain aspects of the assessment methodology as it pertains to data centers. As a result, considerably more time, effort, resources, and expertise will be required to complete assessments of data center properties.

Finance

Staffing Levels – Staffing levels in the Finance Department remain constrained given the rapid growth in population and transactions over the last 20 years, resulting in dramatically increased workload measures. Independent validation of stressed staffing levels has been evidenced in multiple internal audits performed by RSM since 2015 and as recent as 2023, wherein comparisons with several comparable localities indicated understaffing by most measures undertaken. Despite the recent addition of new FTEs, productivity improvements alone will not be sufficient to maintain current high collection rates and the effort needed to keep pace with the expanded revenue streams (i.e., namely food & beverage tax) and rapidly growing data center industry from a tax assessment, collection, compliance, and monitoring perspective in Tax Administration, Real Estate Assessments, and Treasury Management Offices. The growing number of federal and state grants, expansion of County programs, services, and the capital improvement program, and increasing FTE and capital asset counts across the organization continue to strain resources in Financial Reporting & Control, Payroll & Disbursement Services, Financial System Services, and Risk & Wellness Services.

Potential New Future Taxes – The Virginia General Assembly granted localities the authority to levy certain new taxes (i.e., admissions tax, and commercial & industrial tax). Any new tax levied creates added pressures on the already constrained staffing levels in the Tax Administration and Treasury Management Divisions to bill, collect, and monitor these new revenue streams.

General Overview

- A. **Procurement Services Relocation to Executive Management** – The Prince William Board of County Supervisors (BOCS) approved County government organizational structure changes on September 12, 2023, with [BOCS Resolution 23-449](#). To align the structure of the government and the efficiency of operations, in FY24, the reporting structure for Procurement Services was moved from the Finance Department to the Office of Executive Management. This included shifting 17.00 FTEs and associated revenue and expenses totaling \$554,578 and \$1,922,599 respectively.
- B. **Position Shift from Finance (Risk & Wellness Services) to Facilities & Fleet Management (Security Program Management)** – During FY24, 1.00 FTE was shifted from the Finance Risk & Wellness Services division to the Facility & Fleet Management newly developed Security Program Management division. The vacant FTE was reclassified from a Risk & Wellness Manager to an Assistant Director of Maintenance & Operations. The total salary & benefits cost for the Risk & Wellness Manager in FY24 was \$111,255 which was cost recovered through the Prince William Self-Insured Group. The \$111,255 cost recovery was shifted with the position shift. This position will work with County departments and other program partners to develop, administer, and advance a centralized safety and security management program for Prince William County (PWC). The position will develop short-range and long-range goals and objectives to manage the organization’s safety and security programs and systems based on prioritization of risk and vulnerability.

Budget Initiatives

A. Budget Initiatives

1. Assistant Director of Business Services – Risk & Wellness Services

Expenditure	\$180,706
Revenue	\$0
General Fund Impact	\$180,706
FTE Positions	1.00

- a. **Description** – This initiative funds 1.00 FTE, an Assistant Director of Business Services, including salary and benefits of \$141,779. Additional expenses include internal service costs of \$8,887, and professional services and supplies of \$30,040. This position will direct, manage, and oversee the comprehensive claims program for the Prince William Self-Insurance Group (PWSIG) and PWC to reduce the risk of human and financial loss. The position will also oversee the claims administrator to ensure compliance with procedures relative to requirements by the State Corporation Commission Bureau of Insurance and Federal and State regulations, and collaborate with the County Attorney, outside attorneys, and insurance brokers and companies. The overall goal of the program is to mitigate the cost of claims and risk.

Finance

The PWSIG and PWC claims and insurance programs have become complex over the previous five years, resulting in employee workers' compensation claims becoming costly and often litigated. The ability to manage these claims has declined, which ultimately can increase the cost of claims. Currently there are 256 open workers' compensation claims with a combined total cost of over \$19 million. The growth of the program has also been affected by the addition of the Fire & Rescue System's broker contract and insurance being added to the Office of Risk & Wellness Services.

In addition to the increasing insurance program, the requests for insurance and liability reviews have grown significantly. This position will serve as a resource for a continuity plan for the insurance and claims programs.

- b. **Service Level Impacts** – More efficient management of the claims and insurance programs.

2. Collective Bargaining Staffing – Payroll & Disbursement Services

Expenditure	\$130,727
Revenue	\$0
General Fund Impact	\$130,727
FTE Positions	1.00

- a. **Description** – On December 22, 2022, the BOCS adopted a collective bargaining ordinance ([BOCS Ordinance 22-54](#)) to provide for collective bargaining with public employees. On January 16, 2024, the BOCS ratified tentative collective bargaining agreements between PWC and the International Association of Firefighters, and PWC and the PWC Police Association ([BOCS Resolution 24-050](#)) This initiative includes 1.00 FTE, a Senior Fiscal Analyst in Payroll & Disbursement Services. This position will allow the Finance Department to meet the increased workload demands associated with implementing negotiated compensation and benefits from collective bargaining. The position includes salary and benefits of \$100,482, internal service costs of \$8,405, and office equipment and supplies of \$21,840.
- b. **Service Level Impacts** – This budget initiative provides the necessary staffing infrastructure to implement and sustain collective bargaining with public employees.

Program Summary

Financial Reporting & Control

Financial Reporting & Control maintains the County's books and records in accordance with Generally Accepted Accounting Principles and complies with the Auditor of Public Accounts' Uniform Guidance for locality financial reporting. The division oversees the accounting of the County's day-to-day financial activity, supporting departments and agencies regarding accounting treatment and process determinations, compiles the County's Annual Comprehensive Financial Report as well as other reports, and manages the annual audit of the County's financial statements as required by the Code of Virginia and the BOCS.

Real Estate Assessment

Real Estate Assessment annually assesses all real property in PWC, maintains property ownership records, and administers the County's tax relief programs. To perform these duties, the Real Estate Assessment Office gathers and maintains data on every property in the County. The Real Estate Assessment Office also collects and analyzes data pertaining to real estate market indicators such as sales and property income and expense data. This information enables staff to assess property at fair market value as required by law.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Overall accuracy in annual assessment	95%	93%	91%	93%	92%
Appealed real estate assessments upheld by the Board of Equalization	79%	81%	89%	80%	80%

Vehicle Compliance (evader) program collections	-	-	-	-	\$500,000

*In FY25, the Tax Evader activity was created to track revenue generated from enforcing personal property tax compliance.

Finance

Treasury Management

Treasury Management provides cash, investment, and debt services by managing the County's cash management program and banking contracts, coordinating debt issuances, and managing the investment portfolios. The division performs economic and revenue analyses and forecasts, and provides recommendations on issues involving financial, investment, and debt policies.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted

Future Outlook

As the agency responsible for sourcing the talent to achieve the County's strategic goals, Human Resources (HR) is focused on attracting and retaining employees by maintaining competitive health, retirement, and work-life balance programs, aligning policy and procedure with a strategic focus, maximizing training resources in support of employees' maximum movement and promotion throughout their career while still focusing on competencies, all with the goal of improving employee satisfaction and engagement. As we begin to explore enhancements to the new Human Capital Management system, including a secondary implementation phase for new functionality, HR is poised to continue to baseline metrics and support a set of standard measures, which will support HR's efforts to provide quality benefits, dependable information, and sustainable, relevant services.

Redesign Professional Development Opportunities - Provide maximum movement through career development support and programs. By identifying and focusing on competencies, employees have access to a variety of professional development options, targeted training, and opportunities to work in different service areas, thereby improving employee satisfaction and engagement.

Continued Evaluation of Health and Retirement Benefits - HR offers innovative programs and flexible offerings to allow for various benefit programs in support of the broad needs of the workforce. Additionally, maintaining competitiveness with health, retirement, and work-life balance programs is critical to support the ability to recruit and retain employees; these programs are an integral part of total compensation. Additionally, healthcare costs are steadily increasing with the introduction of new prescription drugs, medical technology advances, and rising hospital costs. Continuous commitment to controlling costs is critical.

Human Resources

Continue to Plan for Transition in Key Leadership Roles – Ensure the transfer of historical knowledge and skills. As key leadership roles transition in the County, this offers both leaders and the County opportunities for growth. Knowledge and the attainment of crucial competencies are essential in these critical transitions. HR is working with County leadership to develop programs and systems to help capture gaps in succession plans and help train and educate competent staff to be best positioned for upward growth and readiness.

Collective Bargaining – With the adoption of the County’s collective bargaining ordinance in November 2022, the HR department will need access to continual professional development for staff involved with reviewing, negotiating, and ultimately implementing items from collective bargaining efforts. In turn, HR staff, in partnership with the Office of the County Attorney, will provide timely communication and education countywide as applicable.

General Overview

- A. Removal of One-Time Costs for Collective Bargaining Space Needs** – \$100,000 has been removed from HR’s FY25 budget for one-time costs associated with space needs associated with adding staff for collective bargaining. The costs were utilized to design workspace for the staff positions added for collective bargaining.
- B. Full year funding for FY24 HR Collective Bargaining Positions** – The FY2024 Budget added three Senior HR Business Partner positions (3.00 FTEs) in HR for collective bargaining. Two of the positions received only half-year funding with a January 1, 2024, start date. An additional \$101,710 was added to the FY25 HR budget to support the full-year, recurring cost of \$341,754 for the positions in FY25.

Budget Initiatives

A. Budget Initiatives

1. Classification and Compensation Study (General Services) – Employee Relations

Expenditure	\$300,000
Revenue	\$0
General Fund Impact	\$300,000
FTE Positions	1.00

- a. Description** – This initiative provides funding to conduct a complete classification and compensation study for all general service positions in the County and review the current decision band structure. The study will serve to maintain an equitable and competitive classification and compensation system and provide fair and competitive salaries for all general government employees.
- b. Service Level Impacts** – This budget initiative will allow the County to attract, retain, and motivate employees to help achieve the County’s visions, goals, and strategic plan.

2. Classification and Compensation Study (ADC & Sheriff’s Office) – Employee Relations

Expenditure	\$200,000
Revenue	\$0
General Fund Impact	\$200,000
FTE Positions	0.00

- a. Description** – This initiative provides funding to conduct a complete classification and compensation study for Adult Detention Center and Sheriff’s Office positions and review the overall pay structure of positions in relation to other sworn and uniformed positions in the County. The study will serve to maintain an equitable and competitive classification and compensation system and provide fair and competitive salaries for all sworn and uniformed County employees.
- b. Service Level Impacts** – This budget initiative will allow the County to attract, retain, and motivate sworn public safety employees and help to achieve the County’s visions, goals, and strategic plan.

Human Resources

3. Police Collective Bargaining Compensation and Classification Consultant – Employee Relations

Expenditure	\$187,500
Revenue	\$0
General Fund Impact	\$187,500
FTE Positions	0.00

- a. **Description** – On January 16, 2024, the PWC Board of County Supervisors (BOCS) ratified the tentative Collective Bargaining Agreement (CBA) between PWC and the PWC Police Association via [BOCS Resolution 24-050](#). Funding for a classification and compensation consultant is necessary to incorporate all articles of the CBA which requires the County and the Union to work with a professional compensation and classification consultant to develop a revised and equitable pay scale for all Police Department personnel (Article 30).
- b. **Service Level Impacts** – This budget initiative provides the necessary funding to implement and sustain collective bargaining with public employees.

4. Collective Bargaining Staffing – Employee Relations

Expenditure	\$115,138
Revenue	\$0
General Fund Impact	\$115,138
FTE Positions	1.00

- a. **Description** – On December 22, 2022, the Prince William Board of County Supervisors (BOCS) adopted a collective bargaining ordinance ([BOCS Ordinance 22-54](#)) to provide for collective bargaining with public employees. Collective bargaining began in spring 2023 (FY23) and labor contracts were negotiated during FY24. One additional position (1.00 FTE for a Senior HR Business Partner) was programmed in FY25 for the Employee Relations program. This position will further support the HR department in meeting the increased workload demands associated with collective bargaining such as benefits and payroll execution of ratified collective bargaining agreements. The full-year, recurring cost of the position is \$115,138 for salary, benefits, and technology.
- b. **Service Level Impacts** – This budget initiative provides the necessary staffing infrastructure to implement and sustain collective bargaining with public employees.

5. Equity and Inclusion Employee Resource Groups – Employee Relations

Expenditure	\$60,400
Revenue	\$0
General Fund Impact	\$60,400
FTE Positions	0.00

- a. **Description** – This initiative provides funding to develop employee resource groups. These groups will improve the training and development infrastructure for employees, providing avenues for skill building and professional development. Internal and external opportunities for equity and inclusion engagement efforts in the community will be created through local, regional, and national opportunities to allow sharing on best practices and overall engagement.
- b. **Service Level Impacts** – This budget initiative will allow the County to improve employee resources and provide opportunities for greater employee development.

Human Resources

Program Summary

Benefits & Retirement Management

Benefits & Retirement Management designs, recommends, administers, and manages highly competitive, sustainable, cost-effective, high-quality benefit programs to attract and retain employees and promote productivity, job satisfaction, and work-life balance.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Participants enrolled in County healthcare	3,641	8,497	8,483	8,450	8,450

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Benefits & Retirement Management	\$634	\$791	\$550	\$232	\$282
Employees provided benefits orientation and training	1,649	1,885	3,390	1,500	1,900

Shared Services

Shared Services and the Human Resources Information System (HRIS) manages and administers the HR systems, manages human resources data and centralized reporting, provides countywide quality control for time and labor, payroll and benefits processing, and implements employment-related workflow initiatives for greater efficiency.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Personnel actions processed electronically	98%	100%	100%	100%	100%
Personnel Action Forms (PAFs) processed within pay period form is received	98%	100%	100%	100%	100%

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Shared Services	\$952	\$720	\$1,052	\$1,009	\$1,101
Personnel documents scanned into the Electronic Data Management System (EDMS)*	-	13,723	1,500	1,400	1,500
Learning Management help tickets and issues resolved	-	-	-	-	150
Hires and Rehires processed through the HR System	-	-	-	-	2,000
Separations processed through HR System	-	-	-	-	1,300
Biweekly timesheets facilitated and ensured approval by payroll deadline	-	-	-	-	63,000

* Targets for scanning documents into EDMS changed due to adjustment of usage after Mobius Workforce implementation.

Human Resources

Talent Management

In partnership with hiring managers and supporting staff, Talent Management leads efforts to pair top talent, with the right career opportunities. This is accomplished by maintaining the accuracy and integrity of the County's job classifications; recruiting campaigns to attract a diverse pool of talented candidates; and administering multiple pay plans to facilitate robust salary negotiations, while maintaining the integrity of the County's compensation structure and internal equity.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
County turnover rate without retirement	8%	9%	9%	9%	9%
County turnover rate with retirement	10%	10%	10%	12%	12%
Department satisfaction with talent management services	80%	75%	87%	75%	80%
Average days to fill position (from advertisement to acceptance)	80	72	68	80	80
Average days to present qualified candidates to hiring managers	-	80	99	80	85

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Talent Management	\$1,344	\$1,740	\$1,809	\$1,160	\$1,277
Applications received annually	68,851	60,904	52,263	70,000	65,000
Vacancies advertised and/or filled	825	850	729	850	800
Position reclassification requests reviewed	40	60	109	60	60
Review of all County budget requests for new positions	50	35	69	35	40
Compensation surveys initiated and completed	150	160	238	160	160
Consultations related to performance management	750	800	800	800	800
Training sessions conducted	50	60	57	60	60

Human Resources

Training

Training supports leaders at all levels by offering professional development opportunities through e-learning, live online and in-person training classes, as well as self-paced e-learning courses. Leadership, management, and supervisory skills training programs are conducted regularly, using a cohort model enabling a richer learning experience. Academic scholarships are offered annually through a competitive process. Training staff occasionally advise on organizational change management efforts and provide large and small group facilitation.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Employee satisfaction effectiveness of training (on a 5 point scale)	4.8	4.8	4.6	4.8	4.8

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Training	\$820	\$1,680	\$1,140	\$497	\$521
Instructor-led training sessions delivered countywide*	1,700	10	218	500	250
Employees completing at least one e-learning class	4,200	4,604	4,751	5,000	5,150
Number of elearning assets deployed through PWCU	-	-	5,397	-	5,500
Attendance at instructor-led sessions delivered countywide	-	-	8,383	-	8,000

* HR redefined training program functions, resulting in changes to instructor-led training delivery. This included the disbandment of the Learning & Development division in FY22 and the creation of the Training division in FY23. The FY24 target indicates a renewed focus on direct HR staff instructor-led sessions.

Employee Relations

Employee Relations conducts personnel-related investigations and manages and administers County personnel policies, Freedom of Information Act (FOIA) requests, subpoenas, and grievances. Administers the Performance Management Program.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Personnel investigation mediations	11	7	0	16	9
Average days to resolve personnel investigations	41	127	90	84	90
Personnel investigations resolved within 90 days (%)*	-	90%	100%	90%	100%
Personnel investigations and management consults	-	-	25	416	18
Number of Collective Bargaining trainings provided	-	-	-	-	30
Number of Grievances filed	-	-	-	-	5

* Measure changed from 30 to 90 days to be consistent and compliant with PWC Complaint Procedures.

Human Resources

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted

Human Rights

Future Outlook

Expand Human Rights Investigation and Outreach Services to the Cities of Manassas and Manassas Park – Engage in conversations with attorneys from all jurisdictions to develop a legal structure allowing for such expansion. Engage in conversations with city managers from all jurisdictions to discuss a list of services and a cost structure agreeable to all jurisdictions. Enter into an agreement that will include costs and services with all jurisdictions.

Establish a Pilot Community Volunteers Referral Network to Refer Potential Complaints of Discrimination and Distribute Human Rights Outreach Information – Establish a five-person pilot program of human rights community volunteer liaisons. Set the liaisons’ duties, responsibilities, and limitations, provide training, and evaluate effectiveness by the end of 2024. Make necessary adjustments based on feedback and launch a revised program in 2025.

Establish a System to Guide and Assist the Human Rights Commission (HRC) in Making Data-Driven Decisions – The system will analyze demographic and geographical data, which will be reported out each fiscal year. The data will be assessed and used to improve the efficiency of the outreach and education programs. The system will use the initial point of contact with a client to gather information.

Program Summary

Human Rights Commission

Enforce the Human Rights Ordinance through investigation of complaints; provide outreach and education to the public on civil rights laws; staff the HRC and respond to public information requests in a timely manner. Ensure compliance with federal and state laws, regulations, executive orders, and ordinances.

Information Technology

Mission Statement

The mission of the Department of Information Technology is to direct the strategy, delivery, and management of Prince William County government technology with an unwavering commitment to information technology excellence, efficiency, and value for our government, and the residents, businesses, and visitors of Prince William County.

Government Operations, Performance & Innovation
Expenditure Budget: \$169,387,938

Expenditure Budget: \$48,417,468

*28.6% of Government Operations,
Performance & Innovation*

Programs:

- Leadership, Management & Security: \$4,791,363
- Communications & Infrastructure: \$25,923,339
- Geospatial Technology Services: \$3,173,566
- Business Technology Services: \$8,998,627
- Customer Services & Business Group: \$5,530,573

Mandates

The County operates under a mandate to protect all personal information of residents retained in County files and to support the E-911 system. The Department of Information Technology provides these services.

The Board of County Supervisors has enacted additional local mandates for which the Department of Information Technology is responsible.

State Code: [2.2-3803](#) (Administration of systems including personal information; Internet privacy policy; exceptions), [Chapter 15.1](#) (Wireless Communications Infrastructure)

County Code: [Chapter 24](#) (Streets), [Chapter 5.6](#) (Cable Television)

Future Outlook

Digital Transformation – The County has committed to delivering improvements in the way that constituents experience and interact with the County government. This requires all departments to evaluate their operations for new opportunities to further automate, streamline, and design interactions with the community. Rethinking and redesigning County processes and services must be done with constituents’ needs at the center of service enhancements. This will require the Department of Information Technology (DoIT) to develop an appropriate Digital Transformation posture and to work as an engine of transformation for all constituent experiences and touchpoints with County government. Starting with a new Digital Transformation strategy in FY24 and the addition of new resources to focus on Digital Transformation and business process engineering, an era of Digital Transformation and enhanced Digital Services is a central theme of the next wave of technology investment and value creation.

The Technology Inclusion Initiative (TII) – Started in late 2021, DoIT’s TII is an example of how a County information technology (IT) department can become an engine of inclusion. County technology investments in FY23 positioned the department to work directly with private industry to deliver high speed broadband to areas of the County where service was absent or constrained. In FY24, as DoIT pursues more technology inclusion partnerships with industry to expand educational programs for technology literacy, the Technology Inclusion Team will expand and focus on potential affordability programs, and to target more free technology education courses to areas of the community who need assistance in adopting technology.

Cloud First – Cloud services and solutions have transformed the IT industry and are now a key part of the Prince William County (PWC) enterprise. DoIT’s drive toward modern IT platforms, high-speed infrastructures, and agile methodologies has resulted in a new high performance, mobile-ready technology ecosystem. Technology is now a driving force behind PWC government, and the services delivered to County residents, businesses, and visitors. The goal is to see County technology work to translate into new force-multiplying capabilities for the PWC community. DoIT accepts the challenge

Information Technology

of continuously strategizing new ways to impact emergency response capabilities for [2021-2024 Strategic Plan](#) goals and strategies, including Environmental Conservation, Safe and Secure Community, next level community engagement services, enhanced Health, Wellbeing and Human Services, Resilient Economy, Quality Education and Workforce Development, Transportation and Mobility, and Sustainable Growth. As DoIT continues to cultivate new capabilities, the County is emerging as a national model of strategic municipal technology innovation.

General Overview

- A. **Position Allocation Realignment** – Position allocations were adjusted to properly align with the functions associated with the IT services provided in various programs. This process resulted in slight shifts in funding across programs to properly detail work functions completed by numerous PCNs across multiple programs. This realignment adjusted position allocations, which changed FTEs across programs in FY24 and resulted in a 1.00 FTE decrease in Communications & Infrastructure and a 1.00 FTE increase in Business Technology Services.
- B. **Removal of One-Time Costs for Voice Over Internet (VOIP) Infrastructure Capital Project** – \$609,000 has been removed from DoIT’s FY25 budget for one-time costs associated with updating and modernizing the County’s enterprise voice infrastructure. The costs focused on updating all components of the government’s communication capabilities including voicemail, cloud integration, and upgrading cable and other infrastructure to enhance voice/telecom service across the County.
- C. **Removal of One-Time Costs for Enterprise Cloud Security – Secure Access Service Edge** – \$352,000 has been removed from DoIT’s FY25 budget for one-time costs associated with the installation of SASE technology in FY24, which provides enhanced security in remote work environments and improved work mobility throughout the county.
- D. **Removal of One-Time Costs for Public Wi-Fi** – \$120,000 has been removed from DoIT’s FY25 budget for one-time costs associated with Public Wi-Fi. This project enhanced wi-fi/internet connectivity at libraries, public safety facilities, parks, major health institutions, and in general spaces around county buildings, increasing usability for County residents. This project improves county internet stability and infrastructure, providing an enhanced internet experience in public spaces.
- E. **Position Shift from Department of Information Technology to Management & Budget** – One position (1.00 FTE) with salary and benefit costs of \$112,820 was shifted from Information Technology in the Customer, Service & Business Group program to Management & Budget. This shift was completed to support a full-time Strategic Plan Coordinator position. The County’s new 2025-2028 Strategic Plan will be developed during calendar year 2024.

Budget Initiatives

A. Budget Initiatives

1. Contractual Increases – Enterprise Agreements, Licenses, and Subscriptions – Multiple Programs

Expenditure	\$1,909,000
Revenue	\$0
General Fund Impact	\$1,909,000
FTE Positions	0.00

- a. **Description** – This initiative provides funding for IT contract escalations, software subscriptions, and digital licenses for technology services. Various contracts include built-in increases that occur on a regular, three-year schedule or are tied to license counts and subscriptions. Additionally, DoIT must manage professional services contracts for software across different county agencies. Items funded for contractual agreement increases, subscriptions, and digital governance activities in FY25 include the following five projects:
 - **311 Constituent Digital Services – Communications and Infrastructure Division \$700,000** – On November 28, 2023, ([BOCS Resolution 23-578](#)), \$2,000,000 of American Rescue Plan Act funding was allocated to implement 311 digital services in PWC. This project includes ongoing funding for Salesforce licenses, Chatbot licenses and reporting systems, and workflow management. These core services within the Government Operations quad serve as a keystone project to help the County transform constituent experiences using 311 technology and business process re-engineering across all departments.

Information Technology

- **Comcast Enterprise Telecommunications (INET) – Communications and Infrastructure Division \$439,000** – This project provides funding for a new Comcast franchise agreement. Funding includes increased operational costs for PWC institutional network (I-Net) fiber. This funding pays for estimated contract escalations for each I-Net circuit in more than 80 locations across the County.
 - **Kinship Software Licensing – Customer Services and Business Group \$407,000** – This project provides funding for the costs of product licenses, supporting the overall operational costs of the new software and case management system utilized in the Department of Social Services (DSS). This funding will allow DSS to meet mandated requirements for the reporting of foster care payments and case management by the Virginia Department of Social Services (VDSS).
 - **Microsoft Enterprise Agreement – Communications and Infrastructure Division \$330,000** – This project provides funding for expanded centralized secure software license counts and subscriptions for the entire array of Microsoft desktop applications and the Azure cloud platform for web application launch and cloud connected mobile functionality. This allows the County to continue adoption of Microsoft’s M365 platform and suite of applications and Cloud Services.
 - **Mobius Oracle – Customer Services and Business Group \$33,000** – This project provides funding for increased license costs for the various Oracle modules (including Automatic Data Preparation, Application Collection Tool, and Enterprise Performance Management) utilized across the County for financial, human capital management, and budgeting functions.
- b. **Service Level Impacts** – These projects and initiatives will provide funding support for increased contract and services costs for IT software systems already in place and provide for the expansion of information technology to enhance digital service delivery across the county. These systems serve multiple County agencies and are necessary for continued service provision. The table below summarizes funding budgeted for FY25 with the expected ongoing funding over the next five years without built in contract cost escalations.

FY2025 Information Technology Contracts and Services						
Project Title		FY2025	FY2026	FY2027	FY2028	FY2029
311 Constituent Digital Services	One-time	\$ -	\$ -	\$ -	\$ -	\$ -
	Ongoing	\$ 700,000	\$ 700,000	\$ 700,000	\$ 700,000	\$ 700,000
Comcast Enterprise Telecom	One-time	\$ -	\$ -	\$ -	\$ -	\$ -
	Ongoing	\$ 439,000	\$ 439,000	\$ 439,000	\$ 439,000	\$ 439,000
Kinship Software	One-time	\$ -	\$ -	\$ -	\$ -	\$ -
	Ongoing	\$ 407,000	\$ 407,000	\$ 407,000	\$ 407,000	\$ 407,000

Mobius Oracle	One-time	\$ -	\$ -	\$ -	\$ -	\$ -
	Ongoing	\$ 33,000	\$ 33,000	\$ 33,000	\$ 33,000	\$ 33,000
Total		\$ 1,909,000	\$ 1,909,000	\$ 1,909,000	\$ 1,909,000	\$ 1,909,000

2. Computer and Seat Management Costs for Agency Technology Initiatives – Multiple Programs

Expenditure	\$1,266,113
Revenue	\$0
General Fund Impact	\$1,266,113
FTE Positions	0.00

- a. **Description** – This initiative provides funding added to the Internal Services Fund for all FY25 budgeted initiatives and is for the computer and IT Seat Management costs associated with all new positions included in the FY2025 Budget. This funding supports hardware/equipment, subscriptions and licenses, enterprise services, security, and specific IT costs. Funds are initially budgeted in the Leadership, Management & Security program but will be redistributed to various programs based upon quad and the specific IT services requested.
- b. **Service Level Impacts** – These projects enhance current IT services and maintain operational functionality.

Information Technology

3. Countywide IT Enterprise Systems – Leadership, Management & Security

Expenditure	\$800,000
Revenue	\$0
General Fund Impact	\$800,000
FTE Positions	0.00

- a. **Description** – This initiative provides funding for enterprise technology improvements and planning. It will provide greater system integration across County enterprise systems, allowing systems to communicate and interact to improve workflow processes across applications. This initiative provides \$300,000 one-time and \$500,000 ongoing for contractual services to aid DoIT in collecting and evaluating County technology system needs toward a comprehensive technology plan that will involve all County departments to provide system enhancements and replace legacy systems.
- b. **Service Level Impacts** – Improved IT resource planning to enhance enterprise efficiency and effectiveness for development of a comprehensive and sustainable IT growth model.

4. Assistant Director of Digital Government – Leadership, Management & Security

Expenditure	\$178,004
Revenue	\$0
General Fund Impact	\$178,004
FTE Positions	1.00

- a. **Description** – This initiative funds an Assistant Director of Business Services (1.00 FTE), including salary and benefits of \$149,424. Additional expenses include ongoing internal services costs of \$8,580 for technology equipment and seat management fees, and one-time costs of \$20,000 for supplies and services. This position will direct, manage, and oversee the expansion of County’s digital governance initiative and lead the 3-1-1 constituent services initiative to leverage the County’s technology services to enhance service delivery and constituent response.
- b. **Service Level Impacts** – Improved digital technology services and enhanced customer services across a broad array of County programs and services.

5. Email Addresses (PWC Boards, Committees & Commissions) – Leadership, Management & Security

Expenditure	\$30,000
Revenue	\$0
General Fund Impact	\$30,000
FTE Positions	0.00

- a. **Description** – This initiative funds email addresses for appointees of the PWC Board of County Supervisors to serve on Boards, Committees, and Commissions (BCC). BCC members advise the County, utilizing their expertise on policy and service issues. This initiative provides a low-cost web and mobile version of Microsoft Office and an email address for users with secure access.
- b. **Service Level Impacts** – Community volunteers who serve on one of the more than 50 BCCs active in the county are provided PWC email addresses to conduct business on behalf of the county, to improve public decision-making.

Information Technology

Program Summary

Leadership, Management & Security

The Leadership, Management & Security Program provides leadership to all DoIT divisions for the successful deployment of IT solutions throughout the County Enterprise. The program also provides guidance and support for Cyber Security and IT strategic planning initiatives.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Percent of IT Regulatory Compliance Reviews Performed Annually	-	100%	100%	95%	95%

Information Technology

Communications & Infrastructure (CID)

CID is responsible for designing, building, and supporting the PWC Government 24/7/365 IT Infrastructure. The IT infrastructure at PWC encompasses all data and services delivered through the internet, the cloud, the enterprise computing environment, or any combination of these. CID supports the use of cloud-based infrastructure, computing hardware, and software tools enabling each County Agency to accomplish its various missions. The work performed in CID is strategic, foundational, and allows countywide efficient delivery of services. The County uses a flexible IT infrastructure with product usage and licensing based on demand consumption. This includes a wide range of proven technologies that enable capabilities in networks, security, and connectivity; data center hosting and cloud services; customer experience service hub; unified communications and collaboration services.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Communications and infrastructure network availability	99%	99%	99%	99%	99%
Customer satisfaction level with CID services	98%	96%	98%	95%	98%

Program Activities & Workload Measures <i>(Dollar amounts expressed in thousands)</i>	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted

Information Technology

Geospatial Technology Services (GTS)

GTS is part of the Enterprise Applications Division of DoIT. The GTS program prepares and maintains a multipurpose data warehouse, application suite, and infrastructure, delivering specialized geospatial, geodetic, demographic, and legal information derived from authoritative resources. The GTS team engineers, operates, and maintains the central GIS technology platform and its associated GIS web applications, GIS desktop application, and custom GIS tools. GTS serves as the official resource and geospatial service for information about the County's population, social characteristics, households, housing, and economic attributes for use by the public and County agencies, as well as operates an information and map distribution center for dissemination of geospatial and demographic information to the public, regulators, developers, businesses, and other interested parties.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Response to new requests for service occurring within one business day	-	100%	100%	100%	100%

* Activity name updated in FY24.

Information Technology

Business Technology Services (BTS)

BTS is part of the DoIT Enterprise Applications Division. BTS delivers applications and business solutions to meet County business needs and to enable continuous improvement of government services through technology. BTS provides business application services for all County departments in support of strategic business objectives through dedicated program areas for IT service delivery. Services include capital projects for new business solutions, custom application solutions, commercial solutions, operations and maintenance of business applications, business intelligence, systems administration, application-specific training, and special projects.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
Service Requests responded to within 1 business day	-	-	100%	100%	100%

*Reporting as "Enterprise Services, Support, and Reporting" in the Communications & Infrastructure Division program as result of a FY23 reorganization. Also depreciation correction costs coded here, creating negative Actuals in FY23.

**Activity was funded through contractual service, and the contract is no longer active.

Information Technology

Customer Service & Business Group (CSBG)

CSBG is known as the Portfolio Management Office (PMO) and is responsible for driving business services to enable departments to receive services from DoIT. As a business partner to agencies, the PMO's charge is to take in business requirements and shepherd them through DoIT for potential business solutions and governance. The PMO is a strategic business partner to agencies and exists to ensure strong acquisition practice, process, and IT investment protection.

Key Measures	FY21 Actuals	FY22 Actuals	FY23 Actuals	FY24 Adopted	FY25 Adopted
New technology projects managed using PMI standards	96%	73%	83%	96%	96%

Management & Budget

Mission Statement

The Office of Management & Budget shapes the future by partnering with the community, elected leadership, and government agencies to recommend the best use of public resources in pursuit of the community's strategic goals.

Government Operations, Performance & Innovation
Expenditure Budget: \$169,387,938

Expenditure Budget:
\$2,471,367

*1.5% of Government Operations,
Performance & Innovation*

Programs:

- Management & Budget: \$2,471,367

Mandates

The County operates under a state mandate to develop, conduct public hearings, and adopt an annual budget, to including salaries and expenses for constitutional officers. The Office of Management & Budget manages these activities.

The Board of County Supervisors has enacted additional local mandates for which the Office of Management & Budget has responsibility.

State Code: [15.2-516](#) (Duties of county executive), [15.2-539](#) (Submission of budget by executive; hearings; notice; adoption), [15.2-2503](#) (Time for preparation and approval of budget; contents), [15.2-2506](#) (Publication and notice; public hearing; adjournment; moneys not to be paid out until appropriated), [15.2-2507](#) (Amendment of budget), [22.1-93](#) (Approval of annual budget for school purposes), [58.1-3007](#) (Notice prior to increase of local tax levy; hearing), [58.1-3321](#) (Effect on rate when assessment results in tax increase; public hearings)

Management & Budget

Future Outlook

Revenue Diversification – Real estate and personal property tax revenue continues to be the primary revenue sources for County operations, providing nearly 86% of local tax revenue in FY25. The County will strive to diversify revenue sources to ensure stability as identified in Policy 3.01 of the adopted [Principles of Sound Financial Management \(PSFM\)](#). Opportunities exist to recalibrate existing revenue sources as well as identify new resources to achieve key performance indicators identified in the community's Strategic Plan. New legislation from the Commonwealth allows counties the same taxation authority as cities and towns. As such, admissions taxes provide future opportunities for the County to diversify local tax revenue.

Another revenue option available for future consideration is the commercial and industrial real property tax with revenue dedicated for new mobility initiatives increasing transportation capacity. The revenue generated by the tax could be used to pay debt service costs associated with November 2019 mobility bond projects authorized by voters as well as transit improvements.

Reduced Year-end Agency Operating Surplus – The budget includes a reduction (approximately \$24.4 million due to position vacancy savings) to agency operating budgets in order to maintain a structurally balanced budget recommended by bond rating agencies. In other words, agencies receive less than 100% of the funding required to provide 100% service to the community.

The County has a responsibility to the community to end the year with an operating surplus sufficient to meet fund balance obligations prescribed by the PSFM. Implementing the programmed savings built into the budget has effectively reduced the year-end operating surplus generated from agency operations.

Achieving required year-end financial requirements will be challenging during years where revenue shortfalls are projected. Year-end savings must be enough to recoup any revenue shortfall as well as meet adopted fund balance requirements. The County has demonstrated strong financial management in its established policies, such as monthly and quarterly monitoring, but vigilance must be maintained. In addition to the impact on PSFM requirements, reduced year-end savings limits funds available for one-time capital investments. Declining year-end agency savings as a percentage of the budget is generally perceived by bond rating agencies as a budgetary weakness when evaluating the County's credit worthiness at the AAA-rated standard.

Inflation and Higher Borrowing Costs – Prince William County government operating budgets do not receive automatic, across-the-board increases due to inflation. Inflationary budget increases are strategic and generally confined to volatile commodities such as fuel and utilities. Unless otherwise noted, County agencies absorb inflationary cost increases within their existing budgets. In an effort to combat inflation, the Federal Reserve has raised interest rates. This impacts the County's borrowing costs necessary to finance projects contained in the County and Prince William County Schools' capital improvement programs. Combined with capital projects inflationary increases due to construction labor costs and commodities such as steel, diesel fuel, drywall, and copper, the cost of financing capital projects will increase.

General Overview

- A. Position Shift from Department of Information Technology to Management & Budget** – An additional 1.00 FTE from Information Technology with a salary and benefit cost of \$112,820, has been shifted to Management & Budget to support and transition the County in providing a full time Strategic Plan Coordinator. The County's new 2025-2028 Strategic Plan will be developed during calendar year 2024.
- B. Full-year Cost of Collective Bargaining Position Added in the FY2024 Budget** – The FY2024 Budget included a Principal Fiscal Analyst position in OMB for increased workload demands associated with collective bargaining. The position was budgeted on a half-year basis in FY24 with a budgeted start date of January 1, 2024. The full-year salary and benefit cost of the position in FY25 is \$112,197.

Budget Initiatives

A. Budget Initiatives

1. Capital Improvement Program Support Position – Management & Budget

Expenditure	\$119,952
Revenue	\$0
General Fund Impact	\$119,952
FTE Positions	1.00

- a. **Description** – This initiative consists of 1.00 FTE for a Principal Fiscal Analyst position to support the execution and delivery of capital projects. The position will be responsible for project schedule monitoring, review, and analysis of capital project costs from design through construction. Salary and benefit cost for the new position are \$108,547 and technology and other operating costs are \$11,405.
- b. **Service Level Impacts** – This budget initiative provides the necessary staffing infrastructure to implement and provide service delivery, project management, and execution of capital projects to the community.

Program Summary

Management & Budget

Implement the County's strategic goals and policy guidance through collaborative budget development (both operational and capital), structured implementation, and focus on service improvements through performance management. Transparency and accountability to County residents are emphasized through continuous public engagement.
