

NOTICE OF WILLINGNESS
Ellicott Street Sidewalk Improvement (Occoquan Greenway Connection)

Prince William County Department of Transportation (PWC DOT), in cooperation with the Virginia Department of Transportation (VDOT) proposes the construction of two segments of sidewalk to eliminate missing links of pedestrian facilities on Ellicott Street and Union Street between Mill Street and a location 300 feet south of the merger of Ellicott Street and Union Street. Additional improvements include entrance replacement and upgrades as well as American's With Disabilities Act (ADA) compliant curb ramps along with a retaining wall adjacent to the proposed sidewalk on Union Street. The project is located within the Town of Occoquan and will require the relocation of several utility poles, by their respective owners.

In accordance with the National Environmental Policy Act (NEPA) and 23 CFR 771, a Programmatic Categorical Exclusion (PCE) has been prepared under an agreement between VDOT and the Federal Highway Administration for the project. In compliance with the National Historic Preservation Act, Section 106 and 36 CFR Part 800, information concerning the potential effects of the proposed project on properties listed in or eligible for listing in the National Register of Historic Places is also provided in the environmental document.

Review of the project design exhibit and the environmental document are available to view online at:
