Celebrating National 4-H Week with Prince William 4-H

NATIONAL 4-H

As we celebrate National 4-H Week - a week of looking back on the path we've paved while also looking to the future with energy and optimism for what's to come - it's also the perfect time to share our new initiative: *Beyond Ready*.

The road ahead may be challenging for our youth in this rapidly changing world, yet 4-H'ers are succeeding. Data shows that compared to their peers, they're:
2X more likely to have the goal of being a leader
3X more likely to participate in community service
2X more likely to report living life with intentionality and purpose

Our mission with the Beyond Ready initiative is to grow from reaching six million youth annually to 10 million youth prepared to tackle what's ahead - in school, in work, and in life - with the 4-H community by their side along the way. We're investing in the next ready generation.

Donations Needed for the Fairmont Park Build Week

PRINCE WILLIAM 4-H CLUB SERVICE PROJECT OPPORTUNITY!

See previous page for more information on volunteering during Build Week.

Several children from the Fairmont Park neighborhood (Manassas, VA) recently spent an exciting evening at Unity Braxton Middle School designing their ideal playground. Local families and the Prince William Department of Parks and Recreation, in partnership with KaBOOM! and our corporate sponsor, Amazon Web Services (AWS), will bring these ideas to life by building their dream playground on October 23-26, 2024. We are thrilled to be able to bring these children's big dreams to life!! A playground is so much more than a safe place to play – it is a brain-expander, a friend-maker, and a muscle-builder. Play helps kids grow healthy, happy, and successful through an experience full of creativity, exploration, physical activity, friendship, and adventure. This event is an opportunity to bring members of the community together and unite to accomplish this common goal.

HOW CAN YOU HELP? There are many ways to participate by volunteering time or by providing food donations for the community participating in the build. See the flyer to RSVP.
