# FIRST DUE! RESIDENTIAL CONCEPTS FOR THE ENGINE, TRUCK, AND CHIEF

**0800-1200**

**APRIL 30 OR MAY 1**

**15049 Conference Center Drive, Chantilly, VA.**

This program discusses the mission-critical incident actions for engine, truck, and first-arriving chief officers at residential fires, highlighting the must-have roles and responsibilities for each and honing those elements that are imperative to employ an efficient and effective fire attack. Successful fire attack dictates a deliberate balance of coordination and communication between all members. This class discusses preincident readiness, radio reports, and tactical resource deployments for “both sides of the floor” and how to be a strong incident commander.

## CHIEF DAN SHAW (RET)

Dan has been a student of the fire service since 1992, starting in the fire service in Howard County, MD as a volunteer. In 1995, he was appointed to the Fairfax County Fire and Rescue Department, VA and has held every rank throughout his career. He retired in July 2024 as the Assistant Chief of Operations for the department. Dan also delivers fire service instruction around the country and taught at many national conferences covering firefighting, leadership, and officer development. He serves on the Fire Department Instructors Conference (FDIC) Advisory Board, is the chair of the NFPA 1403 committee, and is a panel member for the Underwriter's Laboratories Firefighter Safety Research Institute. He co-authored the book “25 to Survive: Reducing Residential Injuries and LODD” that was published in 2013 and has also written several articles for Fire Engineering Magazine. Dan had the distinct honor of being the keynote speaker at FDIC International in 2022.
