## Future Outlook

**Overview** – Significant future legal matters will continue to need consideration with the issues related to the collective bargaining process, civil protest, police reform, equity and inclusion, the Virginia Values Act, civilian police oversight, both sovereign and qualified immunity, and other Board of County Supervisors (BOCS) priorities. Potential increases in workload due to these matters may require future discussion about additional staff members at each level of the Office – attorneys, paralegals, and administrative support staffing. The County Attorney’s Office assisted in the development and implementation of the collective bargaining ordinance and corresponding personnel policy, along with the subsequent negotiation meetings with the Police Department and Department of Fire and Rescue. As those policies continue to evolve, there may be areas such as policy matters, retention, and possible liability that will continue to take staff time to address.

Significant future legal issues relate to collective bargaining, transportation projects, land use matters, telecommunications/cable franchise negotiations, and technology issues. Significant time and resources will continue to be devoted to Freedom of Information Act (FOIA) requests and subpoenas, as these matters continue to grow in volume and complexity.

**Collective Bargaining** – While the Collective Bargaining Team has moved through the process with both the Police and Fire & Rescue Bargaining Units, there will be additional follow through with various policies and procedures depending on any agreements ratified by the Board. In addition, there is a proposed wage reopener in two years which will require preparation work if a general services bargaining unit is organized negotiations will likely be significantly more complex and time consuming than negotiations with the Fire & Rescue and Police representatives, and therefore will require continued support from outside counsel for expertise and assistance.

**Child Protective Services and Human Services** – Child abuse and neglect cases will continue to be complex and time consuming, requiring at least three full-time attorneys, with increased support staff time. Mental health, Health Insurance Portability and Accountability Act (HIPAA) compliance, co-responder, and Housing issues will continue to grow.

**Federal Regulations** – Federal regulations and laws will continue to require the dedication of legal resources to support the County in the area of CARES Act and ARPA fund assessment and implementation, Internal Revenue Service (IRS) audits, etc.

**Property Acquisitions** – Multiple large project property acquisitions and condemnation cases by the County for the construction of public facilities, new roads, and improvements to existing roads throughout the County will continue to require a substantial amount of time. These cases continue to take significant resources, as the Virginia statute and constitutional amendment on lost profits continue to impact these cases.

**Support for the Department of Economic Development** – This area of work will continue to increase as prospects and companies look to relocate to the County. These matters are often expected to be a top priority.

## General Overview

A. **Removal of One-Time Costs** – One-time costs of \$350,000 for contractual litigation services that were added in FY25 have been removed from the Proposed FY2026 Budget.

- a. **Description** – This initiative allocates \$600,000 for one-time contractual expenses associated with litigation support services. It funds outside legal counsel and expert fees given the nature, complexity, and the expected duration of pending litigation.
- b. **Service Level Impacts** – This budget initiative allows the County Attorney’s office to handle the capacity and use of resources to handle litigation in-house without a significant and critical impact on its ability to provide day-to-day legal advice and representation to the BOCS and County departments, agencies and offices.
